

INSTALLATION INSTRUCTIONS FOR YOUR DABSO FRAME

1

Level the metal Z-profile on the wall. Pointer the fixing positions with a pencil.

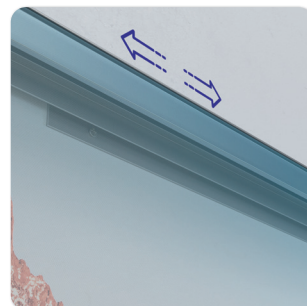

2

Drill the fixing locations into your partition. Then insert the plugs supplied.

3

Attach the Z-profile with the screws provided.

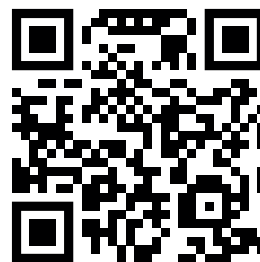

4

Notch your frame onto the Z-profile and adjust it laterally.

5

Your frame is now installed!

INSTRUCTIONS FOR CHANGING A DABSO FABRIC

1

Insert the rod into the hole at the back of the frame.

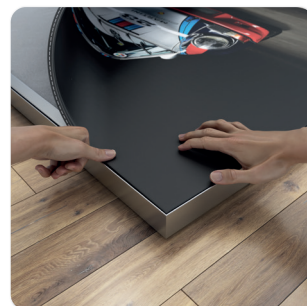

2

Use this tool to “pop” the silicone ring out of the frame.

3

Remove the canvas from the frame by gently pulling on it from an angle.

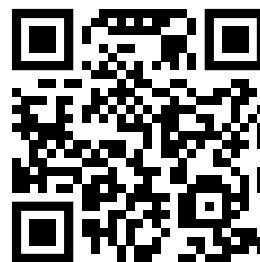

4

Thread the new fabric by pushing the silicone ring into the frame groove, starting at the four corners.

5

Your canvas is now installed!
